We will need the names of your crew who are covering the event so we can put them on the press list at the front gate information booth. Please list them in the table below. We furnish two passes per publication. If your publication covers our event, we would like to review your article about our event before you publish it in case there are event fact corrections. Please send it to Angela May, Executive Director of the Ojai Wine Festival at Angela@OjaiWineFestival.com. We would like to add your article to our press page on our website.
